Experience

CAN Tech Pvt Ltd   **Aug 2024 - Present**

Full Stack Developer   WFO

- Managed interns as a Full Stack Developer at CAN Technologies, overseeing their development tasks and providing mentorship.
- Conducted technical interviews and worked on two projects, including the development of a yoga website using the MERN stack.

RB Corp Pvt Ltd   **Feb 2024 – April 2024**

Full Stack Developer (Paid Internship)   WFO

- I completed two live projects at my company, enhancing my practical skills in development.
- I also began creating my own food ordering website, called "Royalties Buffet" in MERN Stack Development.

Organizein Marketing Pvt Ltd   **Aug 2022 – Feb 2023**

Frontend Developer (Task Based Internship)   Remote

- I worked there as a Frontend Developer, focusing on the development of their marketing website.
- Collaborating with PHP developers, I completed a task-based internship that enhanced my skills and experience.

Projects

Ecommerce Site |Project Live Link | |React |Node |MongoDB| **March – 2024**

- ➢ I developed a comprehensive dashboard to manage the website's operations effectively, ensuring a user-friendly experience.
- ➢ Additionally, I integrated payment solutions using PhonePe API and Stripe API, enabling secure transactions for customers.

Group Chatting App |Project Live Link | |React |Socket |MongoDB| **Sept - 2022**

- ➢ I developed the "Meet People Chat" application using the MERN stack, incorporating real-time functionality with Socket.io.
- ➢ This group room chat app allows users to connect and communicate seamlessly in shared chat rooms.
